# Group Term Life Insurance Protection

**This optional group term life insurance plan allows you to choose amounts of life insurance that best suit your family's needs.**

**B**oth you and your spouse can apply for life insurance and you can apply for life insurance for your dependent children.

## Who's Eligible?

All employees working an average of at least 20 hours per week are eligible to apply for coverage.

Employees who purchase coverage on themselves may apply for coverage for their spouses (under age 70) and dependent children who are over 14 days of age and under 19 years of age. Children who are full-time students, wholly dependent upon you for support, are eligible up to age 25.

## Amount of Insurance

You may elect an amount of life insurance which includes Accidental Death & Dismemberment benefits. Your insurance will reduce at age 70 and your spouse's insurance will terminate at age 70.

## Guarantee Issue

No physical examinations are required for you, your spouse or your dependent children.

You are guaranteed up to \$100,000 of insurance on your life provided you are under age 70 and actively at work (not on leave of absence) on the day your insurance is to become effective.

Your spouse is guaranteed insurance (up to 50% of the employee coverage amount - not to exceed \$50,000) on his or her life provided he or she is under age 70 and not hospital-confined on the day the insurance becomes effective and is performing the normal activities of a person of like age and sex.

Your eligible dependent children are guaranteed up to \$10,000 of insurance provided they qualify under the same provisions applicable to a spouse (see above).

## Effective Dates

When initial premiums are received by the insurance company on or before the 20th day of a given month, the insurance for you and your spouse will be effective the first day of the following month.

NOTE: You must be actively at work (not on leave of absence) on the day your insurance is to take effect. If you are not, your insurance will take effect on the day you resume such work. Your spouse and dependent children must not be hospital-confined and must be performing the normal duties of a person of like age and sex on the day their insurance is to take effect. If they are not, their insurance will take effect on the day they return to normal activities.

## Accidental Death & Dismemberment Benefits

If death occurs due to an accidental injury, the AD&D benefit amount (equal to the basic life amount) will be paid to the beneficiary in addition to the basic life insurance amount.

If loss of a limb or eyesight occurs due to an accidental injury, a specific amount, related to the AD&D maximum amount, will be paid to the insured. The total payment for all losses due to any one accident will not be more than the full amount of insurance.

AD&D benefits are not payable for loss due to: intentional self-inflicted injury; war or act of war; participation in a riot or violent disorder; bodily or mental infirmity; medical or surgical treatment; poisoning of any form, inhalation of gas or fumes; the act of a felony; operating a motor vehicle under the influence of any intoxicant; travel or flight in any type of aircraft, except solely as a passenger in a licensed civil aircraft for the sole purpose of transportation only.

Dependent children are not eligible for AD&D benefits. The waiver of premium does not apply to AD&D.

## Waiver of Premium\*

If you become totally disabled prior to age 60, and remain so for six consecutive months, your insurance will remain in force without payment of premiums for a period of time as long as your total disability continues and you provide proof of disability as required.

## Living Benefits\*

A living (or accelerated) benefit provides terminally ill insureds under age 60 with the option of receiving up to 75% of their life insurance benefit while they are alive. An insured must have been insured at least 12 months and have a life expectancy of 12 months or less.

- The remaining death benefit amount will be reduced to reflect the cost of providing the accelerated death benefit.
- The minimum accelerated death benefit will be \$10,000, less the discount.

\*These benefits are available for employees only – they do not apply to spouse and/or child coverage.

# Voluntary Short-Term Disability Insurance

## Valuable Income Replacement at Affordable Group Rates

**A**n accident or illness can strike anyone at any time. If you are unable to work because of a disabling sickness or injury, disability insurance can protect your most important asset – your income!

### Eligibility

You are eligible to participate if you are actively working (not on leave of absence) an average of at least 24 hours a week at your usual place of employment.

### Benefits Available

Short-term disability pays a specific weekly benefit if you become disabled due to an injury or sickness that is not job-related.

To receive total disability benefits, you must be totally disabled, under the regular care of a physician and unable to perform any work for pay or profit due to an injury or sickness that is not job-related. To receive partial disability benefits, you must become partially disabled, be engaged in partial disability employment earning at least 20% of your basic weekly earnings when partial disability employment begins and be under the regular care of a physician.

### Basic Weekly Pay Definition

Basic Weekly Pay is defined as the weekly rate of pay from an employer in effect the day before the total disability begins. It excludes bonuses, overtime pay or other extra compensation.

### Elimination Period & Benefit Duration

The elimination period is the number of days of continuous disability before benefits begin.

The benefit duration is the maximum number of weeks you may receive disability benefits.

Samples of when benefits will end: on the date you fail to give required proof of continuing disability; your disability ends; or the maximum benefit period ends. Required premium remains unpaid after a due date; you are no longer eligible; retirement. If the group policy ends and you are considered disabled by the insurance company, it will not act to end the maximum benefit period.

### Pre-Existing Condition Exclusion

Benefits will not be payable for any disability which is caused by, contributed to by, or resulting from an injury, disease, sickness, pregnancy or mental disorder for which you have visited or consulted a physician, hospital or medical facility or took clinical tests or received treatment within the 12 months before becoming insured under this plan. This includes (but is not limited to) taking pills, injections or other medications to treat any condition. This exclusion will not apply after you have been insured under this policy for at least 12 months.

### Reduction of Income Benefits

Any time the total of the weekly benefit you are receiving from this policy and your income from other sources exceeds 100% of your pre-disability weekly earnings, the weekly benefit under this policy will be reduced. Income from other sources includes but is not limited to: income received from any compulsory benefit act or law; any disability benefits or retirement benefits the Insured Person receives under a Retirement Plan; the Federal Social Security Act or the Railroad Retirement Act; unemployment insurance; and earnings the Insured Person earns or receives from any form of employment.

### Successive Periods of Disability

Successive periods of disability will be considered one period and will allow continuation of benefits if you return to work for less than two weeks. A new elimination period does not need to be satisfied if the successive period of disability is the result of the same cause as the original disability. The maximum benefit duration continues to accumulate from the date disability recurs.

### Maternity Benefits

Benefits for disability due to pregnancy or its complications will be paid the same as any other sickness, but will be subject to any pre-existing conditions limitation which applies to your plan.

### Income Increase

If other income benefits are increased after the first week that benefits are paid for a period of disability, such increase will not be used to determine the weekly benefit reduction.

### Exclusions

No weekly benefits will be paid for a disability due to: intentional self-inflicted injury or suicide attempt; result of a sickness or injury covered by Worker's Compensation; a job-related sickness or injury; any period you are no longer under the regular care of a physician; a war (declared or undeclared) or any act of war.

### A+ Rated Insurance Company

The group disability plan is underwritten by Lincoln National Life Insurance Company, 8801 Indian Hills Drive, Omaha NE 68114. A.M. Best Company, a leading independent analyst of insurance companies, has rated Lincoln National Life A+ (Superior), basing its opinion on the relative financial strengths and performances of insurers.

## Network Providers

The EyeMed Vision Care network is national, with over 40,000 providers including private practice optometrists, ophthalmologists, opticians and LensCrafters, most Pearle Vision Centers, most Sears Optical and Target Optical locations throughout the country. You may call toll-free 1-866-723-0513 or visit [www.eyemedvisioncare.com](http://www.eyemedvisioncare.com) for the nearest EyeMed Provider.

## Claim Forms

With EyeMed Vision Care, you do not need to obtain a claim form, so receiving your benefit is as easy as visiting the nearest participating eye care provider.

## Referrals

Your vision care benefit can be accessed directly, without obtaining a referral from your primary care physician. If the optical provider detects a condition that requires further examination by your primary care physician, the provider will recommend that you see your primary care physician.

## Exam Options - Contact Lens Fit and Follow-Up

Your plan gives every participant the opportunity to receive a frame and spectacle lenses or contact lenses. If you wear or would like to wear contact lenses, your eye care professional will perform additional services including contact lens fitting and follow-up care. \*Standard Contact Lens Fitting - spherical clear contact lenses in conventional wear and planned replacement (i.e, disposables, frequent replacement). \*\*Premium Contact Lenses Fitting - all lens designs, materials and speciality fittings other than standard contact lenses (i.e, toric, multifocal, etc.). Please refer to your benefit description to review the details for coverage for contact lenses.

## Contact Lens Allowance

Your contact lens allowance applies to contact lens materials only. For conventional contact lenses, you will receive an additional 15% off the amount that exceeds the allowance. Please be advised that any balance resulting from the purchase of contact lenses are the responsibility of the member.

## Coverage For An Out-of-Network Provider

Your vision care plan is designed to provide the best care at the most affordable cost to employees. It is for this reason that coverage for an exam, applies only to the services and products received from an EyeMed provider. If you choose to visit a doctor not in the EyeMed network, you may still receive eyeglass material from an EyeMed provider and apply them to your vision benefit. If you choose contact lenses, the EyeMed provider will perform additional services related to the purchases of contacts. You are responsible for any remaining balance related to these services.

## Dependent Coverage

This plan covers both you and your dependents, if you choose that particular option when you enroll.

## The Statistics are Dramatic...

- In 2003, about 23.8 million people - about 1 out of 12 - sought medical attention for an injury\*
- The economic impact of these fatal and non-fatal unintentional injuries amounted to 574.8 billion dollars in 2004. This is the equivalent to about \$2,000 per capita, or about \$5,100 per household\*

Where would the finances come from to offset the unexpected expenses of dealing with untimely accidents? Could most individuals afford the costs? Statistics prove that most could not.

# Group Prescription Drug Plan

## THE PROBLEM

Today's prescription medications are more effective than ever before – but they're also more expensive. The growing need for prescription drugs is putting tremendous financial pressure on many people who do not have prescription drug coverage.

- The cost of drugs is rising faster than any other health care cost.
- Many plans are now excluding or restricting the purchase of prescription drugs.
- Many plans require an annual deductible or cut-off benefits after a \$500 annual maximum.

## THE SOLUTION

A non-profit prescription drug cooperative designed to provide worthwhile savings to members. Each member pays affordable monthly dues into a non-profit cooperative fund that subsidizes the purchase of prescription drugs for every member. The plan benefits include:

- \$20 co-pay for most generic drugs including generic oral contraceptives.
- Subsidized savings on brand name drugs – up to 35%.
- Over 54,000 participating retail pharmacies.
- Walgreens is the designated mail-order service pharmacy.

## How the Co-op Works

Benefit Alliance members are eligible to join ActivaScripts – a non-profit membership cooperative established to allow individuals to pool monthly dues to partially subsidize the purchase of their generic prescription drugs. RESTAT is the pharmacy benefits manager for ActivaScripts. This program allows individuals to keep the cost of their prescription drugs at affordable levels. This is not an insurance plan.

## Benefit Alliance ActivaScripts Benefits

### Generic Prescription Drugs from a Retail Pharmacy

For each 30-day supply of a generic drug you will pay either a co-payment of \$20 or 60% of the discounted cost of the prescription (whichever is greater). According to a recent study of the current Benefit Alliance members' utilization, members would pay a maximum of the \$20 co-payment for approximately 75% of the generic drugs prescriptions.

### Generic Prescription Drugs from the Mail-Order Pharmacy

For each 90-day supply of a generic drug you will pay either a co-payment of \$60 or 60% of the discounted cost of the prescription (whichever is greater).

### Brand Name Drugs

When you obtain brand name drugs from any participating retail pharmacy or from the mail-order service pharmacy, you will pay the ActivaScripts discounted price or the pharmacy's usual & customary price; whichever is less.

### MONTHLY FEE

Employee Only	\$17.73
Employee & Spouse	\$35.47
Employee & Dependent Child(ren)	\$26.76
Family	\$44.34

# The Benefit Alliance Plan

## Easy to Use

Upon enrollment you will receive an ActivaScrips Certificate of Membership, which explains your benefits, along with your Benefit Alliance member identification card. You can visit [www.RESTAT.com](http://www.RESTAT.com) to locate convenient retail pharmacies or call the toll-free number provided with your membership certificate to order from the mail-order pharmacy.

### Participating Retail Pharmacy

Simply present your Benefit Alliance identification card with the RESTAT logo to any participating pharmacy along with your prescriptions. The pharmacist enters the data and transmits it electronically to RESTAT's (the pharmacy benefit manager) computer that will calculate the appropriate co-payment for the pharmacist.

### Walgreens Mail-Order Service Pharmacy

The mail-order service pharmacy may be accessed by using the toll-free 800 number included with your certificate of membership.

## Membership Eligibility

Acceptance is guaranteed to anyone under the age of 65. All members are automatically eligible for benefits immediately upon the effective date of membership. Members previously enrolled who have terminated or canceled coverage must wait two years before enrolling again.

## Monthly Membership Dues

The ActivaScrips non-profit prescription drug plan is not an insurance plan. Funding for the prescription drug benefits is derived exclusively from the membership dues paid by the member. Therefore, you should be aware that when you participate in this non-profit prescription drug cooperative, your monthly dues and/or benefits may change at any time without notice. This is the only way ActivaScrips can be certain that money will be available at all times to pay for the benefits provided by your membership in ActivaScrips. The monthly dues are established with the intention that they will not change for a period of one year or longer.

## Limitations *(applies to generic drugs only)*

Also not covered are drugs purchased in excess of a 30-day supply at a participating retail pharmacy or in excess of a 90-day supply at the mail-order service pharmacy. Finally, all prescriptions purchased must be obtained from a participating pharmacy in order to be eligible for any subsidy.

# The Benefit Alliance Plan

 **Leslie & Associates, Inc.**

## How Do I Enroll In The Short Term Major Medical Plan?

Unlike the other benefit options offered through the Benefit Alliance Plan, your rate for STMM coverage is determined by your age, sex, state of residence and zip code. **Therefore, it is necessary for you to call Leslie & Associates via the TOLL FREE CUSTOMER SERVICE NUMBER: 1-800-644-6854. Leslie & Associates Customer Service Representatives will answer your questions regarding the STMM plan, provide individualized rate information and assist you with enrolling in the Plan if it meets your needs.** Health Plan Administrators (HPA), the Third Party Plan Administrator, underwrites the application, issues your policy upon approval, handles the premium billing and pays claims.

However, if you can answer “No” to the five health questions on the application and elect to pay your premium by VISA or MASTERCARD, your coverage can become effective within 24 hours. If you elect a different payment method, your coverage will begin as early as the day following the U.S. postmark stamp on your return envelope to Leslie & Associates. You can request a later effective date, but no more than 60 days after the application date.

## How Long Will My Short Term Major Medical Coverage Last?

The STMM plan offers coverage for one to six months or even as much as twelve months in most states. If your need for health insurance coverage continues after your initial coverage period ends, you may apply (in most states) for another STMM Plan and coverage period. The next coverage period is not continuous and any condition that occurred during the prior coverage period will be excluded as a pre-existing condition.

**PLEASE NOTE**—This is only a brief description of the Short Term Major Medical Plan benefits, exclusions and other policy provisions and is subject to change. It is not a contract. All coverage is subject to the terms, conditions and limitations of the insurance company issuing the policy. Individual state limitations and/or variations may apply.

# Individual Major Medical Insurance Plans

**W**e agree buying health insurance can be difficult - and confusing. There are many companies offering several plans. Benefits are different. Fine print is hard to read and understand. Insurance terms are unfamiliar. And the cost can be surprising. It's important to select a plan that not only fits your budget, but your needs as well. Here are a few things to consider.

## KEY BENEFITS

- Both Copay and High Deductible plans available
- Nationwide network of doctors and hospitals
- Choose a plan design to meet your needs
- Convenient payment options: Check, money order, Visa/MasterCard, or automatic bank withdrawal

## What are you looking for in a health insurance plan?

- Copay for doctor visits for yourself and your family? Are you mainly concerned about routine health care expenses?
- Lower premiums - are you more concerned about a serious illness? How much responsibility are you willing to take for routine expenses in exchange for lower premiums?

## Know what you are responsible for paying.

- **Copay:** a fixed amount you must pay at the time of service (i.e. doctor visit).
- **Deductible:** a flat amount that you are required to pay before the insurance company will pay any benefits.
- **Coinsurance:** the percentage (for example, 80%) paid by the insurance company and the percentage (in this example, 20%) you would pay of the covered expenses once the deductible is met.

## Research the network

**Network:** health care providers (physicians, hospitals and other facilities) that are contracted by the insurance company to provide care at a discounted price as opposed to non-network providers. Are the doctors and hospitals you want to use part of the network offered by the insurance company thereby allowing you to maximize the benefits of the plan?

## Copay Plans - "Copay Select" or "Copay Saver"

- Copay plans are more like traditional employer plans with a copayment for routine health care expenses. When you use a Preferred Network doctor for an office visit, the plan will pay 100% of history and exam fees after a \$35 copay with "CoPay Select". The "Copay Saver" plan provides the convenience of copays for doctors visits (limited to 2 visits per person, per calendar year) for a lower monthly premium. Office visit expenses outside your network are not eligible for copay benefits.
- Adult and Child preventative care and child immunization benefits are available with the "Copay Select" plan. Preventative care office visit for \$35 copay (not subject to deductible). X-ray and lab tests are covered at 80% - you pay 20%. Child immunization vaccine and preventative mammogram, pap smear and PSA testing are covered at 80% (not subject to deductible).
- Prescription drug\* card benefits are available with the "Copay Select" plan. Tier 1 drugs - \$15 copay; Tiers 2-4 drugs - combined \$150 per person, per calendar-year deductible, then: Tier 2 drugs - \$30 copay; Tier 3 drugs - \$60 copay; 25% coinsurance (you pay) for Tier 4 drugs. The "Copay Select" plan offers a benefit buy-up option to eliminate the \$3,000 annual limit. (\*according to a preferred drug list, which changes periodically)

## High Deductible Plans - Choice of Deductible and Coinsurance Amounts

- Lower Premiums - With high deductible plans, you're keeping more of your money and taking responsibility for covering minor or routine health care expenses - if they come up. The higher the deductible, the lower the premium. This plan provides coverage for hospital confinements, surgical procedures and the more costly outpatient expenses, such as CAT scans and MRIs.
- You may add optional benefits such as prescription drug card benefits, increase the maximum lifetime benefit to 5 million or add an enhanced "Preventative Care Benefits Package" to the basic plans.

## How Do I Apply For A Major Medical Plan?

The premium for Major Medical coverage is determined by the plan design you choose, your age, sex, state of residence and zip code. **Therefore, it is necessary for you to call Leslie & Associates via the TOLL FREE CUSTOMER SERVICE NUMBER: 1-800-644-6854. Leslie & Associates Customer Service Representatives will answer your questions regarding the Major Medical plans available (coverage not available in all states), provide individualized rate information and assist you with applying for coverage if it meets your needs.** Golden Rule, a UnitedHealthcare company, underwrites the application, issues your policy upon approval, handles the premium billing and pays claims. All Major Medical coverage is subject to approval of your application by the insurance company and submission of the first monthly premium. You will be notified of the actions taken within 45 days after the date of application, or be given the reason for delay.

## Dependents

For purposes of this coverage, eligible dependents are your lawful spouse and eligible children. Eligible children must be unmarried and under 25 years of age at the time of application.

## Maternity Benefits

No benefits are payable due to pregnancy (except for complications of pregnancy) or routine newborn care unless optional maternity benefit is selected. Additional premium is required and is not available in AR, MD, NC, or VA. This optional benefit helps cover the costs for routine pregnancy and delivery. You pay 20%; the insurance company pays 80% of covered expenses. Benefit Years 1 & 2 the maximum payable is \$2,000; Benefit Years 3 & 4 the maximum payable is \$4,000. After 4 + benefit years, the maximum payable is \$7,500. No covered expenses will be considered for reimbursement for a pregnancy beginning before the maternity benefit's effective date.

## General Limitations & Exclusions *(subject to state variations)*

- Expenses incurred by a covered person for treatment of tonsils, adenoids, middle ear disorders, hemorrhoids, hernia, or any disorders of the reproductive organs are not covered during the covered person's first six months of coverage under the policy. This provision will not apply if treatment is provided on an "emergency" basis. "Emergency" means a medical condition manifesting itself by acute signs or symptoms that could reasonably result in placing a person's life or limb in danger if medical attention is not provided within 24 hours.
- Covered expenses will not include more than what was determined to be the reasonable and customary charge for a service or supply.
- Transplants eligible for coverage under the Transplant Expense Benefit are limited to two transplants in a 10 year period.
- Charges for an assistant surgeon are limited to 20% of the primary surgeon's covered fee.
- All diagnoses or treatments of mental disorders, as defined in the policy, including substance abuse, are limited to a lifetime maximum benefit of \$3,000 (not covered in Saver Plans, subject to state variations). Covered expenses for outpatient diagnosis or treatment of mental disorders are further limited to \$50 per visit. As with any other illness or injury, inpatient care that is primarily for educational or rehabilitative care is not covered.
- Covered outpatient expenses relating to the diagnosis or treatment of any spine or back disorders are limited to a maximum of \$2,000 per calendar year. CAT scan and MRI tests are not subject to this limitation.
- Covered expenses are limited to no more than a 34-day supply for any one outpatient prescription drug order or refill.
- Expenses incurred for cosmetic or aesthetic reasons, such as weight modification or surgical treatment of obesity.
- Expenses which are for any drug treatment or procedure that promotes conception or for any procedure that prevents conception or childbirth.
- Expenses in relation to, or incurred in conjunction with, investigational treatment.
- Expenses resulting from intoxication, as defined by applicable state law in the state where the illness or injury occurred, or under the influence of illegal narcotics or controlled substances unless administered.
- Expenses for alternative treatments, except as specifically identified as covered expenses under the policy/certificate, including: acupressure, acupuncture, aromatherapy, hypnotism, massage therapy, rolfing, and other forms of alternative treatment as defined by the Office of Alternative Medicine of the National Institutes of Health.

## Premiums & Renewability

You may renew the coverage by paying the premium as it comes due. The insurance company may decline renewal only for failure to pay premium or if they decline to renew all certificates just like yours issued to everyone in the state where you are then living. Premium rates are set by class, and you will not be singled out for a premium change regardless of your health. The policy plan, age and sex of covered persons, type and level of benefits, time the certificate has been in force and place of residence are factors that may be used in setting rate classes. Premium rates may be adjusted from time to time.

**PLEASE NOTE – This is only a brief description of the Major Medical Plan benefits, exclusions and other policy provisions. It is not a contract. All coverage is subject to the terms, conditions and limitations of the insurance company issuing the policy. Individual state limitations and/or variations may apply.**

The 6 month period will be reduced based on prior creditable coverage as shown by a Certificate of Prior Creditable Coverage which I must provide. A pre-existing condition is any disease, illness, sickness, or injury which was diagnosed or treated by a provider within the 6 month period immediately preceding the effective date of coverage. A pregnancy that exists on the day before the effective date of coverage will be considered a pre-existing condition. The Med-Med Plan is group insurance underwritten by Continental American Insurance Company and the benefits will vary depending on the plan selected. I understand the policy is subject to exclusions, limitations and a reduced annual and life time limit - it is not designated as a substitute for basic health insurance or major medical coverage. The limitations are disclosed in the enrollment materials, policy and certificate which are made available at the time of enrollment. I acknowledge I have read this notice and understand coverage cannot be processed unless this form is signed and dated here:
